

The boys track team finished competing in the Regional Track Meet at the University of North Texas in Denton, TX yesterday. These young men did a good job of representing Red Oak High School. Preston Sanders is our only boy to advance to the State Meet in Austin. He will be competing in two weeks in the Shot and Discus. Here are the results from the meet. Please congratulate these young men because they competed in what is considered by most the toughest 4A Region in the State of Texas. Thank you for all your help and support of these young men this year and hopefully we can get Preston to bring home two gold medals from the State Meet.
